Jônatas Santos Da Silva

Bachelor in Game Design
São Paulo, Brazil

Summary

I recently graduated in Game Design from Anhembi Morumbi University, I love testing ideas just for the curiosity and excitement of doing, learning and seeing something new, always believing that one of the most fascinating things in life is being able to see your ideas and plans being materialized, and ultimately influencing the lives of others.

Experience

Arch Works
Software Quality Assurance Intern
June 2022 - September 2022 (4 months)
